

LAB510HA4/6

HIGH ACCURACY TOP LABELLER FOR FLAT PRODUCTS

FEATURES:

- Automatic tabletop labeller
- Supports flat surface products
- Internal „Easy to use“ controller
- Easy speed adjustment
- Precise labeling result
- Available with 4“ or 6“ label head
- Smart label length setting
- High Accuracy Labelhead
- Optional Friction Feeder
- Blow-On, Touch-On modules available

The LAB510HA4/6 is a fully automatic label applicator for flat products. You can label bags, boxes or other products with a label from the top. The top labeller is easy to setup and the user can work with the internal controller to operate it very easy. The unit can be loaded & unloaded with products manually or you can use the optional friction feeder. Furthermore you can choose modules for more specific projects. The system can be combined with Blow-On or Touch-On modules. We will customize the products to your projects needs. The ADR Labelsystems combined with the Novexx Label heads is the perfect fusion of high level quality products.

LAB510HA4/6
